- Number of borrowers served in the third quarter of 2020 was 143,238 representing an increase of 33.2% from 107,568 in the second quarter of 2020 and compared to 150,280 in the third quarter of 2019.
- 24.4% of loan originations were generated online in the third quarter of 2020.

¹ Active wealth management investors refer to those who hold an investment in one or more of the wealth management products the Company source from financial institutions during the quarter.

² Wealth management products include the products the Company source from financial institutions, which do not include any of our legacy P2P loans. .

Total outstanding principal balance of performing loans reached RMB28,007.2 million (US\$ 4,125.0 million) as of September 30,2020, representing a decrease of 16.3% from RMB33,454.4 million as of June 30,2020.

“We are very pleased to deliver a solid quarter, and we continue to make progress in our business transitions and strategic repositioning as we drive our online wealth management business into scale and ramp up our new credit-tech product offerings. We have achieved profitability and meaningful growth on both our wealth management and credit-tech business lines. With the large growing market opportunities in both our wealth management and credit businesses, we believe Yiren Digital is well positioned as China’s leading digital platform providing comprehensive personal financial services.” said Mr. Ning Tang, Chairman and Chief Executive Officer of Yiren Digital.

“For our wealth management business, we are seeing promising momentum in wealth management products and services and the demand remains strong. As of end of September, total AUA of wealth management products increased by 71% quarterly to RMB 4.3 billion, and total sales volume of wealth management products increased by 110% quarter-over-quarter to RMB 4.6 billion. New investors of wealth management products on Yiren Wealth in this quarter stood over 58,200, representing a 255% growth compared to last quarter.”

“On our credit-tech business, we continue to execute our transition plan and drive our sales volume growth. Our new products continue to show strong growth as we shift towards small revolving loans and auto secured loans. For the small revolving loans, we have seen a quarterly increase of close to 100%, accounting for 19% of the total loan volume of this quarter. Meanwhile, auto secured loans grew 76% compared to the last quarter and took almost half of the total sales volume. “

“We are delighted to see continue growth in our wealth management business and loan originations and reached profitability for the quarter, as we continue to execute on our business plan,” said Ms. Na Mei, Chief Financial Officer of Yiren Digital. “Total net revenue reached RMB 1.0 billion in third quarter, representing an increase of 36% from previous quarter due to growth in both loan and wealth management business. In particular, our revenue generated from wealth management products is becoming a significant portion of total net revenue at RMB 124 million up from RMB 22 million from prior quarter. On the balance sheet side, our cash position remains strong with RMB 3.3 billion of cash and short-term investments as of September 30, 2020. “

Board Composition Change

The Board of Directors of the Company (the “Board”) has appointed Mr. Dennis Cong as a member of the Board effective November 27, 2020. At the same time, Mr. Huan Chen has retired from his position on the Board effective today after having served as a Director of the Company since 2015.

Non-GAAP Financial Measures

In evaluating the business, the Company considers and uses several non-GAAP financial measures, such as adjusted EBITDA and adjusted EBITDA margin as supplemental measures to review and assess operating performance. We believe these non-GAAP measures provide useful information about our core operating results, enhance the overall understanding of our past performance and prospects and allow for greater visibility with respect to key metrics used by our management in our financial and operational decision-making. The presentation of these non-GAAP financial measures is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The non-GAAP financial measures have limitations as analytical tools. Other companies, including peer companies in the industry, may calculate these non-GAAP measures differently, which may reduce their usefulness as a comparative measure. The Company compensates for these limitations by reconciling the non-GAAP financial measures to the nearest U.S. GAAP performance measure, all of which should be considered when evaluating our performance. See “Operating Highlights and Reconciliation of GAAP to Non-GAAP measures” at the end of this press release.
